**Subject:** Re: Mayors Meeting

Hi Debbie,

We are in the planning process of organizing a workshop for mayors and county officials. It is scheduled for 6/2. The objective for the workshop is for attendee to discuss the proposed clean up plan. Discussion topics will include alternatives and associated risks on disposal of contaminated sediments, long term monitoring and maintenance of the sediment cap, the clean up plan's potential environmental and public health implications, its social and economic impacts.

Thank you.

Meiyin

At a recent CAG meeting for the lower Passaic River it was

mentioned that MSU was organizing a Mayors meeting to brief them on the proposed cleanup. I just wanted to understand more about this. Thanks, Debbie
